

CITY OF KLAMATH FALLS

Flexible Spending Account Summary

January 1, 2023 – December 31, 2023

A Flexible Spending Account (FSA) is a type of plan that allows you to receive certain benefits on a pretax basis. Think of it as a tax-free and interest-free loan to yourself. The pretax contributions may be used for qualified healthcare and childcare expenses for you and your tax dependents. They also allow you to pay for your group’s sponsored insurance premiums on a pretax basis.

Contributing to Your FSA

| Component | Minimum Annual Election | Maximum Annual Election |
|----------------------------|-------------------------|---|
| General Purpose Health FSA | \$300 | \$2,850 |
| Dependent Daycare Expenses | \$0 | \$5,000 if married & filing a joint return or a single parent \$2,500 if married but filing separately |

The Plans: The following FSA components are available through your employer.

Premium Component

- Your employer will deduct your portion of the group-sponsored insurance plans, including premiums for medical, dental, vision, hospitalization, accident insurance, and/or other qualified benefits from your gross salary on a pre-tax basis. This reduces income taxes and results in an increase in take home pay and lower taxable salary.

Health FSA Component – includes the following account(s)

Health Related Expense Account (HRE) - the General Purpose FSA

- If you’re eligible for your employer’s health plan, you can set up an HRE account. With an HRE account, you can save pre-tax money for healthcare expenses, including medical, dental, and vision expenses that are either not covered or only partially covered by your insurance plan.
- These expenses are for your tax dependents. Examples include: you, your spouse, or child(ren), whether or not they are covered on your employer’s group insurance plan.
- When you have a qualified change in status—such as if you add or remove dependents from your insurance plan—you can increase your election.

Dependent Care Assistance Plan (DCAP) Component

Dependent Daycare Expense Account (DCE)

- Our Dependent Daycare Expense Account (DCE) allows you to save pre-tax dollars to pay for dependent care. This is specifically for expenses for a child up to age 13 or disabled taxable dependent who is unable to care for themselves, including elder care expenses.
- When you have a qualified change in status—such as if your spouse’s employment changes—you can increase or decrease how much you put into your account.
- In many cases, this account will be more beneficial to you than the federal tax credit.

Claims Reimbursement

Reimbursement Time Frame

Reimbursements may be requested during the plan year or after it ends. Your claim submission period ends 90 days after the plan year ends. This is known as a run-out period. All eligible reimbursement claims for services you received between **January 1, 2023** and **December 31, 2023** must be submitted by **March 31, 2024** for reimbursement. Your plan allows an additional 2 months and 15 days to incur expenses. Your 90 day run-out period will start at the end of the Grace Period.

Submitting Claims

There are several ways you can submit expenses for reimbursement. These methods include manual submission or using your Prepaid Benefit Card. If you're reimbursed for a claim and it is later determined that the expense was not eligible for reimbursement, you will be liable for repaying the money to your FSA. Additional information is listed below.

Manual Claims

We offer several ways you can submit your claims for reimbursement:

1. Submit your claim online using our PSAConsumer portal: <https://psa.consumer.pacificsource.com>
2. Submit your claim via our Mobile App: myPacificSource Admin (PSA)
3. Mail or fax a Request for Reimbursement Form. You'll find the form at <https://psa.pacificsource.com/Forms/>

A Prepaid Benefits Debit Card gives you an easy, automatic way to pay for qualified healthcare expenses. When you opt to receive the card, you will receive two benefits cards. Simply swipe your benefits card as you would a credit/debit card (and select "credit" rather than "debit"). When you use the card to make a purchase or payment, it deducts funds directly from your FSA.

Date of service is important! It's assumed the date of service is the day the card is swiped. If you are paying for a prior service, only use your card if the service date is within your current plan year. Prior year services need to be submitted as manual claims for reimbursement. Replacements or additional cards can be purchased for \$10 per set of two cards.

When you use your debit card, you should request an itemized receipt for reimbursement in case we need you to substantiate a charge. (*You must save all expense documentation, such as itemized receipts, per IRS regulations.*) You may occasionally receive a notice if your transaction is ineligible or needs additional documentation. You will be required to submit the documentation, refund the account, or "offset" the expense as indicated in the notice. If the transaction issue hasn't been resolved within the allotted time, the card will be suspended. Amounts for transactions that aren't properly documented or that have been deemed ineligible may be included as wages on your w-2.

Funds Remaining After the Plan Ends

The Grace Period is a 2 ½ month extension to incur expenses. Expenses incurred and paid with the debit card during the Grace Period will be drawn from your current plan year election. If you wish for your expenses to be drawn from your prior plan year please submit them manually for reimbursement. Any unused balances will be forfeited.

What Happens if I Terminate Employment during the Plan Year?

If you terminate employment or lose eligibility, your participation in the plan will end with your final payroll contribution. You may be eligible to continue the Health FSA under COBRA. Please check with your employer regarding options you may have.

Questions?

Our Customer Service team is happy to help. For more information about FSA details, please refer to your Plan Document and Summary Plan Description.
