

"The nation which forgets its defenders will be itself forgotten." -Calvin Coolidge

The Veteran's Memorial Project has been funded almost entirely by private contributions. Support has come from community members, corporations and foundations, veterans groups, civic, fraternal, and professional organizations. But as we begin to expand, there is more work to be done and much more funding needed to keep going. Your help is still greatly needed and always appreciated.

The Veteran's Memorial Dedicate-A-Brick Campaign

The City of Klamath Falls, in cooperation with Kingsley Field Air National Guard, local Veteran's organizations and many other partners, continues to improve on the Veteran's Memorial located at Veteran's Memorial Park in beautiful downtown Klamath Falls, Oregon. This Memorial features a pavilion, war monuments and dedicated bricks; with each brick paying tribute to a military member and their service to our country.

By purchasing a brick for \$50 you can recognize a military member in the Veteran's Memorial. You will not only mark their place in history, but also help provide financial support to the Veteran's Memorial as a portion of the purchase price goes to a perpetual care fund.

Your gift may be *tax deductible and will show your message of support to every visitor to the Veteran's Memorial. Sponsor a brick today and leave a lasting legacy for yourself or family members.

Please select a brick today and help us...

"Pave the Way".

**Consult with your tax advisor.*

**Telephone, Fax and Email orders
